*the new dimension of agriculture technology*

*high tech  
high value*

## About us

Agro Vision Biotech Consultant, a Company engaged in the business of designing and development of Green Houses, Poly Houses, Mist Chambers, Agro Shade Net House, High Tech Nurseries, and Horticulture projects in India on a large scale. The company is working in this field since 1997. We are proud to say that we had successfully constructed Greenhouses in government and private sectors.

We have developed the technology related to the above mentioned concepts under one roof. This technology most suited to Indian weather and physical conditions. The structures fabricated and erected by us are successfully meeting their objectives.

Our team consists of experts from to the fields of Civil and Electric Engineering, Agriculture, Design ect.

Our structures are of low maintenance and made of long-life materials which reduces operating and running costs. These include low maintenance hot-dipped galvanised steel sections at all critical points, fully bolted structural connections and long life heavy duty full gauge Greenhouse film.

## Multispan greenhouse with top ventilation

Structure grid available :

6 mt. x 4 mt.

6.5 mt. x 4 mt.

8 mt. x 4 mt.

8.5 x 4 mt.

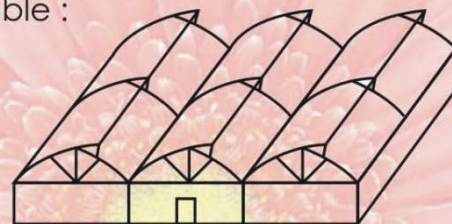

Gutter height :

4 mt. / 4.5 mt.

from formation level

Height :

6.1 mt. / 6.5 mt.

## Tunnel type Greenhouse with fan and pad

G.I. structure

Cellulose / khus pads for cooling

Automatic temperature and humidity controller

Maintenance free axially driven / belt driven exhaust fans with louvers

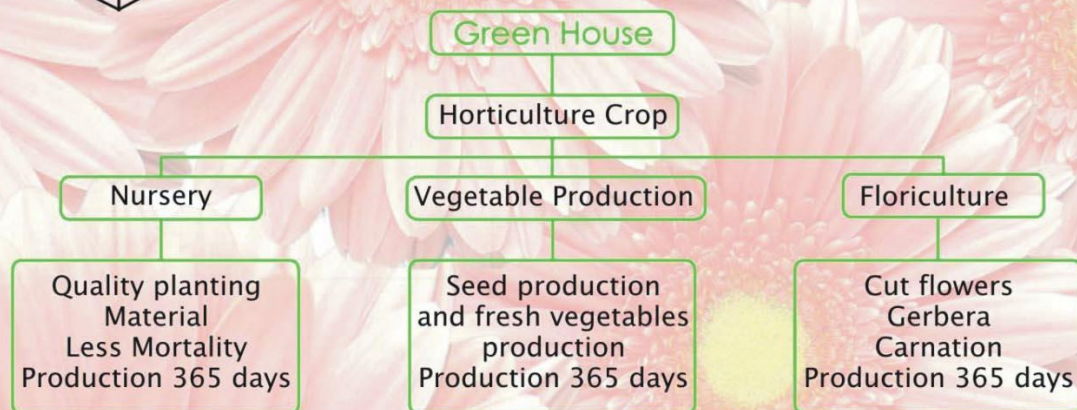

11 mt./15mt span

4 mt. c/c truss spacing

5 mt. height at centre

## Greenhouse Farming

## Benefits of Greenhouse

Good market value due to high export quality crops

Cut flowers : Gebera, Cut Rores, Carnation

Exotic vegetables : Cherry Tomato, Coloured Capsicum and Cucumber etc.

Forest species and Medicinal plants micro propagation.

## Advantage of Greenhouse

Protection from rain and wind

Climate can be controlled

Requires minimum labour

Better control over pests and diseases

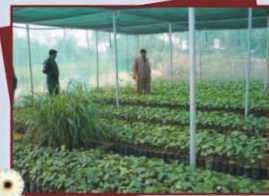

Maximum yield per unit area

## Product Gallery

G.H. Accessories

Agro net

Control Pannel

Irrigation system

Excel fan

Colling pads

Root trainer

Pro Trays

Putting media
